

ONE-ZIP QUICK

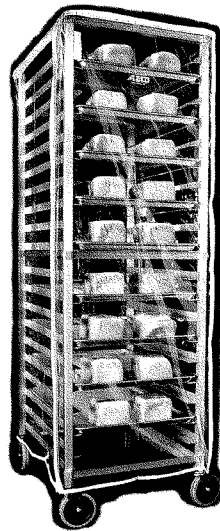

Aleco Pan Rack Covers Offer New Ease and Convenience

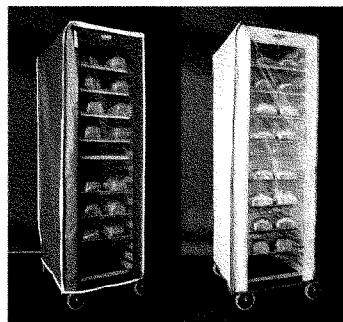

Customers said "We want a bigger window and a panel that opens out of the way, not something flopping around on top." **DONE!** Aleco Pan Rack Covers have one continuous zipper that runs up the left side and across the top. Unzipped, the transparent panel folds right and is secured with velcro. Fast. Easy. You can do it with a single hand.

Customers said "A convenient way to attach notes and reminders would be helpful." **DONE!** Each cover comes with a pen that writes on the clear plastic window and a pocket (upper left side) to keep it in. The ink wipes off with a moist towel.

Economy Model 477414

Standard Model 477424

Pan Rack
Cover Dimensions
23"W x 28"D x 64"H

Designed For
Racks Sized:
21"W x 26"D x 69"H

Heavy-Duty

Customers said "Disposable covers cost a lot more in the long run and we don't like them for environmental reasons. What we want are quality covers tough enough to take our abuse and last." **DONE!** The 12-mil, clear-sided Economy model has 14-oz. nylon-reinforced material at all stress points. The standard and Heavy-Duty models are made of 3-ply, nylon-reinforced material (10 oz. & 14 oz. respectively). Lock stitch seams are used throughout on all models.

Aleco Pan Rack Covers were designed for the people that use them. They have noteworthy benefits. Like protecting against dehydration, maintaining freshness and preserving sanitary conditions even during off-site transportation. And using a rack cover often means items or trays don't have to be wrapped individually. And let's face it they also project the right image to your customers and health inspection personnel.
