+DuraTuff®

With the limited amount of storage space in today's restaurants, glassware stackability is no longer a convenience, it is becoming more of a necessity. Libbey is pleased to introduce two new items to the stackable Everest DuraTuff® glassware line. With a nostalgic faceted design, the new 10 oz. and 12 oz. Beverage glasses feature a contemporary tall, narrow design, perfect for highlighting the latest cocktails, handcrafted sodas and other signature beverages. These new items also feature a flat panel on the lower portion of the glass, ideal for adding a customer logo or capacity gauge line, which can help control beverage cost. Now with ten items, the Libbey Everest line is a durable choice for restaurants interested in elevating their beverage presentation while reducing storage space.
