

**8773**  
**Integrity® Automatic**  
**Airpot Brewer**  
(with Hot Water Faucet)

Integrity®. It's more than just a name. It's a philosophy. It's a belief that building the world's finest coffee brewers means using the best designs and the best parts. Which is exactly what you'll find with this exceptional line. Each model features our exclusive Ready-to-Brew Light and our patented water delivery system. Two foolproof ways to a perfect pot of coffee each and every time. The Bloomfield Integrity series, honestly the best.

#### Features

- **A high level of commonality of parts** with other Bloomfield models will significantly reduce the inventory of spare parts required to service many body styles.
- Exclusive design provides **easy access to components** for quick service.
- **Water volume adjustments** can be made with ease, no panels to remove or tools required.
- **Ready-to-Brew light** indicates the proper water temperature to help eliminate the guesswork in brewing.
- Built-in **pour over feature** provides flexibility.
- **Premium quality thermostat** has a full-length stainless steel sensing bulb that recognizes water temperature extremely accurately and cycles less frequently.
- **Superior sprayhead design** spreads water over the coffee grounds, creating agitation and a floating action that completely saturates the coffee to capture the full, rich essence.
- **Unique water valve with built-in flow control** assures consistent operation at 20-80 p.s.i.
- **Independent front-mounted hot water faucet** allows drawing of hot water without affecting coffee taste or brewing cycle.

**Model 8773**  
*shown with  
optional 8881*

AUTOMATIC AIRPOT COFFEE BREWER

- **One-piece drawn stainless steel water tank** has a superior design for extended life.
- **Solid base** provides stability and strength.
- High quality easy to clean **stainless steel construction**.

#### Accessories

Bloomfield offers a full line of airpot, thermal servers and coffee grinders.
