Restaurant Equipment World

COMPANY

Please provide a brief explanation of the following:

Why should REW carry this product?

What differentiates your products from comparable brands?

Which major and/or local Florida dealers carry your products?

Which items/models are the "best sellers" of your line?

All purchases made by REW count toward volume rebates. Any items not subject to rebates must be documented in writing and agreed upon by REW in advance. Annual rebates are due no later than 60 days from yearend. Quarterly rebates are due no later than 45 days from quarter end. Late rebate payments are subject to interest and penalties. As REW does not have nexus in other states besides Florida, we do not pay or collect sales tax for products shipped to other states, even when being dropped shipped by the manufacturer.

I understand that I am submitting an offer to REW to be included as a vendor to their organization. I am authorized to make this offer binding on behalf of my company.
