

# 1000-MH2-1

## HOT HOLDING CABINET

- Holds pre-plated food fresh, flavorful and hot.
- Full perimeter bumper, flush transport handles, heavy duty casters along with the cart's reduced height provide easy mobility.
- A helicoil power cable keeps the power cord is out of the way during transportation.
- Stainless steel surfaces resists corrosion.
- Easy to clean interior and base.
- Full access front gives the operator 1300 mm of clear, unobstructed storage.
- All mechanical equipment is easily accessible for ease in servicing.
- Electronic LED digital display monitors inside air temperature.
- Non-tilt pan slides.

Stainless steel exterior and door is fully insulated with 60mm of polyurethane. Self-closing lockable door is hinged right as standard and includes a removable magnetic door gasket. The cart is supplied with thirty (30) sets of non-tilt pan slides, and removable humidity tray.

Cart is factory preset to operate between 78°C and 82°C. A LED display monitors the inside temperature. Cart generates 7000 BTU/h. Audio visual temperature alarms are included as standard, along with HACCP capability. Unit includes a full-perimeter bumper guard, two (2) flush transport handles on each end of the cart, and four (4) heavy duty swivel casters — two (2) with brake.
