

- Battery companion for ASF-60 or ASF-75 gas and electric fryers or stand-alone dump station
- Maintenance free overhead 1,000 watt infrared warmer
- Stainless steel front and sides
- Removable 1/3 size pan to collect crumbs
- Four leveling casters
- Bank individual fryers, dump stations, and utility cart side by side with gap cover strips.
- One year parts and labor warranty

The Alto-Shaam ASF-60DS dump station is constructed of stainless steel and includes front and rear-mounted, heavy duty leveling casters. An overhead infrared heating element is controlled with one (1) ON/OFF power switch. Holding well includes a screen insert to collect crumbs and small bits of product in a removable catch pan located behind the door. Stand-alone dump station or battery companion for gas or electric fryers. Unit can be banked to the right, left, or between fryers. Must be placed on far left or right when included in a battery configuration.

ASF-60DS Fryer Dump Station
