- Detailed instructions and specification on cleaning and application to best maintain your equipment
- A national service network and service manuals for our extensive product offering.

PREMIER ROOM SERVICE CART

APPLICATION

The Alluserv room service delivery cart is ideal for any room service operation. The low profile design ensures safe transportation from kitchen to patient room.

CONSTRUCTION

Unit is 304 stainless steel with welded and riveted construction to accommodate 14" x 18" (356 x 457 mm) or 15" x 20" (381 x 508 mm) trays. Top and floor/base are 16-gauge stainless steel and sides and back are 20-gauge. Door is a 20-gauge, insulated, double-pan design, and is mounted to unit frame with two each 3" (76 mm) heavy-duty stainless steel hinges. Hinges are welded to door and unit frame. Door swings 270° to provide full access to tray compartment, and is easily removable by lifting off of hinges. Door latch is a recessed paddle design. Tray ledges are 18-gauge stainless steel angle, welded to an 18-gauge stainless steel frame panel at 6" (152 mm) spacing. Ledge panels removable for easy cleaning. Tray compartment has vents on end panels and perforated center floor drains. Unit base has 1-1/4" (32 mm) thick extruded PVC rounded bumpers mounted to corners.

Four 6" casters, two swivel and two with brakes, are mounted on the 14-gauge stainless steel dolly base. Casters are non-marking with shielded ball bearing races and zerk fittings for lubrication of bearings and will be non-marking.

Premier Room Service Cart
