## 160KG SPIRAL MIXER BMSM160

### Features:

- Heavy-duty stainless steel spiral agitator and bowl, designed to Baking Industry Sanitation Standards.
- Instant termination of operation if safety guard is lifted. Operation is possible only when safety guard is in place.
- Minimal-Maintenance, high-power motor. Speed is altered without shifting gear.
- Accurate timers automatically control mixing time. Machine is still operational even if timer is interrupted.
- New, dual-direction mixing technology, speed is synchronized with reverse-rotating bowl to mix ingredients and blend dough hydraulically downward. This keeps dough cooler, and achieves desired results more efficiently.
- Powerful spiral mixing increases water absorption by dough, thus increasing volume and assuring uniform texture.
- Instant-response servo-limit switch for safety.
- Bowl may be set to rotate either forward or backward.

### Other specifications:

- Bowls can handle 160Kg of dough.
- High-efficiency, 2-speed mixing achieves through blending ingredients to achieve desired results consistently within 7-10 minutes.

The BakeMax<sup>®</sup> Spiral Mixer is designed especially for heavy dough, such as those used in **Pizzas** and **Bagels**. Its long lasting stainless steel bowls can handle 160 of dough.
