DD 23" BASE SERIES—DRAFT WINE EQUIPMENT

Shallow depth, direct draw dispensers come in two widths of 48" and 72" for wine dispensing. Depth is 23" from face of door to back of cabinet. Handle projects 1/2."

CABINET CONSTRUCTION

Standard, cabinet exterior construction includes attractive, wear resistant vinyl on steel in black exterior finish. Top is made from heavy-duty stainless steel including drip tray(s) for easy cleaning.

Three-inch (3") insulated, stainless steel towers & taps are provided. Stainless steel towers/taps are adapted to have a continuous source of air channeled into it to maintain wine temps between 40° - 60°F for storage of red or white wines, providing the best quality the moment wine is dispensed.

Doors are self-closing and include key locks. Magnetic gaskets provide positive door sealing.

Standard interior construction utilizes galvanized steel walls and ceiling. Reinforced floor and door sills are made from heavy-duty stainless steel to provide long lasting service.

Foamed-in-place CFC and HCFC-free polyurethane insulation enhances the structural strength of the cabinet and helps increase energy efficiency.

REFRIGERATION

WINE models feature forced air refrigeration to keep product cold for dispensing. Maintains wine temps between 40° - 60°F for storage of red or white wines.

Refrigeration system uses R134a refrigerant, which is CFC and HCFC-free for compliance with environmental safety concerns.

ELECTRICAL

Units wired at factory and ready for connection to a 115/60/1 phase, 15 amp dedicated outlet. 8' long cord and plug set included.

SPECIAL FEATURES

- S/S tower/tap standard
- Key locks
- Stainless finish options available
