

Synergy Steam

G-BLP

Gas Floor Model Braising Pan with Power Tilt

OPTIONS AND ACCESSORIES

(AT ADDITIONAL CHARGE)

- Faucets
 - Single pantry faucet
 - Double pantry faucet
- Spray hose assembly for pantry faucets
 - 48" (1219 mm)
 - 60" (1524 mm)
- Steam pan insert
- Steam pan carrier
- 2" tangent drawoff (must be ordered with unit)
- Strainer for tangent drawoff valve
- Pouring lip strainer
- Flanged feet
- Casters

Project _____

Item No. _____

Quantity _____

- Model 30G-BLP (30 gallon, narrow width, gas braising pan with power tilt)
- Model 40G-BLP (40 gallon, narrow width, gas braising pan with power tilt)

CONSTRUCTION

- 304 stainless steel
- Pan is heavy duty, 10" deep, one piece welded construction
- 5/8" thick stainless steel cooking surface prevents warping or distortion
- Specially designed welded heat transfer fins are heated by the gas burner/combustion chamber. This combination delivers more uniform heat transfer over the entire cooking surface.
- Control and tilt mechanism are mounted in stainless steel housings on the pan body sides
- 100 grit interior finish is coarse enough to retain butter, shortening or oil during the cooking process, minimizing food sticking and burning.
- A heavy-gauge, fully adjustable one-piece cover is standard with torsion bar type counterbalance designed to maintain selected cover position.
- True rounded leg tubular stand design and 3" radius pan interiors make cleaning easier.

OPERATION

- Electronic intermittent pilot ignition system
- Smooth action, quick tilting body with motorized crank tilt mechanism provides precise control during tilting
- Powerful reversing DC motor is activated by a 3 position control switch
- Easy access, manual override capability to tilt pan in the event of a power failure
- Pan tilts past vertical for easy cleaning
- Controls allow operation at a 7 degree angle to facilitate griddling.
- Thermostatically controlled for automatic shut-off when desired temperature is reached or heating when temperature falls below desired setting
- High limit thermostat for safety
- Console mounted power switch with indicator light
- Control includes a heat indicator light, temperature control switch and motor tilt switch
- A vent in the cover top regulates condensate buildup and a rear condensate drip shield is located under the cover to prevent condensate from dripping on floor when cover is opened.

STANDARD FEATURES

- Mounting bracket for either right, left or rear faucet mounting
- Etched markings (specify)
 - Gallons
 - Litres
- One year parts and labor warranty*
