Whipped Cream Dispensers

Stainless

- ❖ Designed for commercial kitchens
- ❖ Two styles: stainless steel & aluminum
- ❖ Supplied with 2 different nozzles for creating various designs
- ❖ Can be used to make whipped cream, sauces, carbonated drinks and cocktails; whipped cream will stay fresh for 2 weeks when chilled in an airtight environment

Aluminum

- ❖ While in use, dispensers need to be refrigerated
- ❖ Chargers, one-way N2O-bulbs, 8g are sold separately as box of 10 or 24 pieces
- ❖ Chargers have universal threading and fit on any dispenser
- ❖ Full range of replacement parts available
- ❖ Stainless steel whipped cream dispensers and all accessories are dishwasher safe
