Water Wall, Decorative Fountain, Curved, 64 in.

Model: 1BMWC64

Water Wall, Decorative Fountain, Curved, 64 in.

Water Wall Decorative Fountains Displays, Portable, 64 in.

Water rises to the top of the fountain wall and gently cascades down both sides onto the rocky base below, giving the illusion of water pouring from rock.

Fountain finish is a highly textured simulation of slate. The combination of sound, movement and texture create a gentle mood for any setting.

Water Walls are a completely portable double sided water display. Two piece (wall and bowl base) with recirculating pumps and ground fault protection.

Measures: 26x26x64 in.
