Spec No	

Applications: Ideal for any storage application. Dunnage racks keep product organized and off of the floor. Prolongs product life by circulating air underneath. 12" height off the ground meets all sanitary health codes. Approved for use in freezers, displays, general storage, and warehouse areas.

Construction: Heavy duty, high tensile extruded aluminum. Type 6063-T5 alloy. All heli-arc welded construction. Features a lifetime guarantee against rust. Aluminum offers a high level of displacement strength with the added benefit of low weight for safe and easy moving in clean-up projects. Shipped assembled for immediate use.

ED - Series: Tubular construction with 1-1/2" X 1-3/4" high tensile aluminum tubing. Sturdy straight tubular legs. 2,200lb. distributed weight capacity.

CA - Series: Top channel arch 2-7/8" construction with solid high tensile aluminum. Sturdy straight 1-1/2" tubular legs. 2,500lb. distributed weight capacity. Units over 5' long have 3 sets of legs.
