

MINI-EGG/FOOTBALL CAKE PAN

CHICAGO METALLIC #47255

BUNDY

Chicago
Metallic

Create impulse bakery sales with the unique Chicago Metallic Mini-Egg/Mini-Football Cake Pan.

BAKING CHALLENGES

Creating unique baked goods that inspire impulse or special occasion purchases can add significant revenue to any baking business. Identifying and developing products to capitalize on this opportunity can be difficult without the right bakeware partner.

BAKING SOLUTIONS

One of a Kind – Egg-shaped cake pans may not be new, but this petite size is. The two-piece Mini-Egg/Mini-Football Cake Pan has a lid that rests upside down and mates perfectly around the outside rim of the base pan to produce twenty-five 2 1/2" egg-shaped cakes at a time.

Score Big – Decorate these mini-cakes in team colors for week after week of football party snack cake sales, or as colorful eggs for the Easter season. Your countertop sampling will produce instant high volume "Easter Egg" sales, and impulse sales of your Mini-Footballs will soar each week as your customers get ready for the big game.

Perfect Coating – The Mini-Egg/Mini-Football Cake Pan comes coated with Chicago Metallic's proprietary AMERICOAT® Plus Silicone Glaze which has been documented to provide hundreds of releases with little or no aid from pan oil and improves sanitation procedures.
