

THE HEATER™-KD

Conveniently heat & hold foods at the perfect temperature and save valuable transportation space with THE HEATER™-KD, foldable enclosed chafer frame from Candle Lamp. A great serving solution for catering professionals who have limited storage and transportation options, the space saving “**K**nock **D**own” design allows THE HEATER™-KD to fold flat – just 1.75” thick – when not in use.

This all steel frame features a durable powder-coated finish to provide years of carefree service. Available in a selection of colors to compliment any décor, THE HEATER™-KD is conveniently sized to hold full and half-size hotel pans.

PROFESSIONAL QUALITY SPACE-SAVING CHAFER FRAME

- Convenient “Fold, Stack & Store” feature saves space – quickly unfolds for use.
- Folds flat to 10”H x 20.5”W x 1.75”D
- Enclosed, one-piece, windproof design.
- Retains heat – up to 10% MORE.
- Easier to transport than traditional chafers.
- Powder-coated steel body is attractive and durable.
- Professional size – holds standard 12” x 20” hotel pans.
- Ideal for outdoor and indoor applications.
