- Removable back for pass-through application
- One year parts and labor warranty

### Options & Accessories

- Additional single handle pan
- Double handled pan for pass-thru applications
- Pan inserts
- Under shelf mounting brackets

### Specifications

Merco Holding Cabinet keeps food hot, fresh and ready for easy assembly! Allows more flexibility in holding options for greater menu variety - go ahead, prepare and hold food prior to serving. The easy to maintain design and simple operation features reduced employee time spent on cleaning and training; increasing customer satisfaction by providing higher product quality (a great sandwich) in a shorter amount of time (increased speed.)

**Conduction Heat:** directly transfers heat from both top & bottom with minimal heat loss. Provides consistent quality, improved freshness and extended hold times.

**Cool Touch Insulation:** keeps exterior surfaces cool while food is held at proper serving temps.

**Small Footprint:** allows cabinet to fit in small operations.

**Stackable:** up to two high allows operators to customize and use in larger operations.

**Stainless Steel Construction:** sturdy, sanitary & reliable.

**Pre-Attached Stainless Steel Covers:** sealed bins to prevent moisture loss. Removable for cleaning.

**Programmable Menu:** easy to use symbols on control panel. Digital time, temp and product display for each individual bin with 6-Hour timer and audible alarm.

Each cavity holds two 1/3 size poly-carbonate bins for total of 4 bins and menu options.

**Electrical Requirements:** Model 86002 is available in 120 Volt; 60 Hz, 1250 Watts at 10.4 Amps. 12' cord and NEMA 5-15P plug included. Model 86003 is available in 230 Volt; 50 Hz, 1250 Watts at 5.5 Amps. 8' cord and CEE 7/7 plug included.

Model 86003 only
