HANGING DIAL SCALE

MODEL T3530
Double Dial Reading

**PRODUCT
SPECIFICATIONS**

Dial chart: 10 lb x 1 oz
Capacity: 32 lb
Revolutions: 3.2
Ship weight: 33 lb

Extra large, recessed, easy reading dial - 15" double dial, readable from either side, lithographed on metal with chrome-plated sashes and stainless steel bands.

All connections from center - Connections to runner are perfectly centralized, which is a prime factor in permanent accuracy.

Perfectly balanced housing - Precision machining makes a perfectly balanced housing, enclosing the entire mechanism.

Double pinion protection - Pinion bridge is fastened on both ends to heavy posts, insuring perfectly straight center action under the most severe weighing conditions.

Fully enclosed runner - The runner to which the springs are attached is enclosed, thereby protecting it against an accumulation of dust and dirt.

Extra large dash pot - Automatic air dash pot insures uninterrupted operation regardless of change in temperature.

Stainless steel fish and vegetable pan - 15" diameter stainless steel pan and bows.
