

ENTRÉE DOMES, INSUL-BASES & UNDERLINERS

Dinex® Wax Base Underliner

Tropez 7-3/4" Dome

Application

Dinex® offers the most complete line of Insulated Domes, Bases and Underliners in the industry - with more coordinated colors, more choices and more of the features you want. These efficient products are designed to conform to your cart dimensions and food temperature requirements. Dinex® insulated domes and bases feature double-wall construction with ozone-safe foam insulation for optimum temperature retention and minimum condensation. The unique molded-in handle on Dinex® insulated domes makes them easier for you and your patients to handle, and is guaranteed not to pull off.

All Dinex® traytop products feature contemporary colors and coordinate with the other elements on the tray for an inviting mealtime presentation. The single walled dome is made of polypropylene and features a molded knob. Latex-free construction.

Material & Construction (Domes)

Polypropylene, double-wall construction with ozone-safe urethane foam

insulation. Dome features, one piece construction with molded knob. Not stackable. Latex free construction.

Dinex® Wax Base Underliner

The Dinex® Wax Base Underliner protects other meal items on the tray such as chilled foods, and salad plates. Featuring a sturdy single-wall construction, the wax base underliner is compatible with Dinex® domes and is available in all Dinex® contemporary colors

Washing Instructions

Wash in commercial dish machine. Do NOT use bleach. Can withstand washing temperatures up to 180°F.
