Perfect Buns Every Time

BC2325 Ultimate Bun Caramelizer

The ProLuxe Bun Caramelizer is taking the restaurant equipment industry by storm! The unique raised surfaces create a perfectly grilled bun every time. Unlike the standard flat grill or a contact toaster, the bun's exterior is toasted to caramelized perfection, which keeps the bread hotter longer and prevents the condiments from seeping into the center of the dough. The ProLuxe Bun Caramelizer grill gives you a bakery-fresh taste and superb even grill that won't taste burnt or dried out like other methods.
