

DOUGHPRO

Dough Press Perfection

DP3300 Electromechanical Automatic Dough Press

Our electromechanical dough press is perfect for those that do not want to pull down a handle or worry about air compressor maintenance. This unit offers patented heat element embedded in the top platen to help spread dough quickly and to activate the yeast in the product. Backed by the exclusive ProLuxe limited lifetime warranty, the embedded heating elements gives you consistent product quality every time. The thickness control allows you to form product paper thin to 1/4" thick. The timer function allows you to set it and create consistent product every time.

Features

- Operation is entirely electromechanical.
- Produces crusts equal to hand tossed.
- Compact size fits just about anywhere.
- Safe to operate and clean.
- Patented embedded heating element is backed by the exclusive ProLuxe limited lifetime warranty.

In addition to the quality execution and unique customization capabilities, our expert technical support team supports the ProLuxe DP3300. We are available 24 hours a day/7 days a week to answer any questions and provide you with great, no-debate service support.
