# Specification Sheet

## Short Form Specifications

Eagle Dunnage Shelf, model \_\_\_\_\_. (Eaglegard®, chrome, stainless steel) four-sided frame with center supports and removable wire mat assembly.

Eagle Dunnage Rack, model \_\_\_\_\_. (Eaglegard®, chrome, stainless steel) dunnage shelf with 1"-diameter posts grooved on 1" centers, and three-sided frame to help support maximum weight loads. 14" height. Stationary or Mobile units, which include four 5" swivel casters (two with brake).

Eagle LIFESTOR® Dunnage Rack, model \_\_\_\_\_. Removable polymer shelf panels with 1½"-diameter stainless steel legs, and 1¼"-diameter stainless steel crossbracing on all four sides.

Eagle Platform, model \_\_\_\_\_. (Eaglegard®, chrome, zinc). Wire shelf with patented Quad-Truss® design assembled to 14"-high posts.

### MICROGARD® (for LIFESTOR® Dunnage Racks):

- MICROGARD® is an antimicrobial agent which contains built-in protection to retard the growth of a broad range of bacteria, mold and mildew on the surface of the shelves that cause stains, odors and degradation.
- MICROGARD® combines inorganic antimicrobial silver ions with a patented delivery system. The patented delivery system triggers the release of silver ions which react with bacteria in three ways: 1) suffocates the cell; 2) stops the cell reproduction system; 3) stops the cell from growing.
- MICROGARD® is a second line of defense. In keeping with good hygiene practices, always clean this product thoroughly after each use. The protection will not wash out, while organic bactericides may. Note: MICROGARD® does not protect users or others against bacteria, viruses, germs or other disease organisms.

### Dunnage Racks, Dunnage Shelves, and Platforms

- Open wire construction permits greater air circulation for ventilation in addition to reducing moisture.
- 1" (25mm)-diameter posts grooved on 1" (25mm) centers allows for the adjustment of the top shelf and 3-sided frame.
- 3-sided channel frame designed for maximum weight loads.
- Top consists of four sided frame with center supports for added strength.
- Dunnage racks and dunnage shelves feature removable ⅝" (8mm)-diameter wire mat assembly that gives added support and allows for the storage of smaller items.
- Platform features wire shelf with patented Quad-Truss® design (patent #5,390,803).

### LIFESTOR® Dunnage Racks

- 1½" (41mm)-diameter stainless steel legs.
- 1¼" (32mm)-diameter stainless steel crossbracing on all four sides.
- Removable shelf panels made of injection-molded high strength polymer with MICROGARD® antimicrobial protection.
- 14" (356mm) height.
