\* See charts on back for complete model numbers.

### Design and Construction Features

- 120V, 208V, and 240V units available.
- Standard and high-watt units offered.
- Units with lights feature 60-watt incandescent bulbs with shatter-proof Teflon coating. Incandescent lights have dedicated switch.
- Exterior extrusion constructed of #6063 aluminum.
- Interior with aluminized reflector plate to focus heat.
- Each heating element controlled individually via toggle switch with indicator light.
- Heat lamps can be attached with stainless steel brackets or hung from the ceiling using hanging tabs.
- Optional remote switch box available with toggle switch or infinite switch. All switches come with indicator light (see chart below for applicable Remote Switch Box, see back page for all Heat Lamps).
