

DEV9100-22

CGS-22 20" Dual Series Housing

Foodservice System Housing for Drop-In Cartridges

CGS-22 20" Dual Series Housing: DEV9100-22

BENEFITS

- 20" low profile Slim Line dual bowl housing in Series configuration
- Manufactured of durable polypropylene and has excellent chemical resistance
- System includes water pressure gauge
- Equipped with a pressure relief button to relieve water pressure during cartridge changes
- Includes wall mounting bracket and hardware for fast and easy installation
- System is shipped fully assembled
- Choose the appropriate cartridges for your needs
- Cartridges sold separately

INSTALLATION TIPS

- Choose a mounting location suitable to support the full weight of the system when operating
- Install vertically so bowls hang down
- Allow 2-1/2" clearance below the cartridge for easy cartridge replacement
- Make sure O-ring on bowl is sufficiently lubricated
- Always screw on bowls by hand; do not use a housing wrench
- Flush filter by running water through filter according to cartridge instructions

OPERATION TIPS

- Change cartridges on a regular 6 month preventative maintenance program
- Change cartridges when capacity is reached or when pressure decreases
- Always inspect O-ring; change and/or lubricate if necessary
- Clean bowl with mild solution of detergent before inserting new cartridge
- Always flush the filter cartridge at time of installation and cartridge change

APPLICATION/SIZING

- For foodservice applications
- Bowl housing assembly accepts drop in cartridges
- Capacity: varies according to filter cartridge used

CGS-22 20" Dual Series Housing
