DRAWERED PIZZA PREP. TABLE SIDE MOUNTED CONDENSING UNIT

EPPR3-D2

EPP Series

Refrigeration System

• Side mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.

- · Full-length air duct ensures optimal cold air circulation.
- Time-initiated and temperature-terminated auto defrost cycle for seamless operation. • Large capacity, corrosion-resistant condenser and evaporator coils.

• Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.

 \cdot High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.

- · Pressure relief devices allow rapid cabinet re-entry.
- · Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Cabinet Construction

· Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.

- · Open spaced interior with no walls between cabinet compartments.
- \cdot Vented stainless steel panel between top pan area and cabinet catches food debris.
- \cdot 16 gauge, high quality stainless steel worktop, lid and hood.
- \cdot Galvanized steel bottom and rear.
- $\cdot\,2.5"$ thick high density polyure hane insulation.
- · Six 5" swivel casters with locks on front set. Leg stabilizers standard.

Doors

- · Heavy-duty stainless steel interior / exterior.
- \cdot 2.5" thick high-density polyurethane insulation.
- · Snap-in magnetic gaskets for ease of cleaning.
- · High strength, recessed handles
- · Thick gauge, stainless steel drawer frames with low-friction ball bearings.
- · Drawer pans not included. See table for drawer pan capacity.

Preparation Area

- ·NSF certified polycarbonate 6" deep pans (see table for size and quantity).
- $\cdot 1/2^{\prime\prime}$ thick, foam insulated lid keeps top pan area cold and prevents moisture build-up.
- · 19 1/4" deep cutting board is removable for ease of cleaning.

Shelving

Epoxy coated, steel wire shelves for applicable models (see table for quantity).
Height adjustable stainless steel clips.

Temperature Control

- · Multi-function digital controller with easy to read LED display.
- Factory preset temperature, 35°F. Temperature setting range from 33°F to 54°F.
- Audible overheat protection alarm for compressor and condenser coil.

Options

- · NSF certified stainless steel double overshelf.
- · Additional shelving.
- · 3" swivel casters with locks.
- $\cdot\,3.5^{\prime\prime}$ 6" height-adjustable and interchangeable legs.

(†)Based on evaporating temperature of 23°F (-5°C) & condensing temperature of 131°F (55°C). (►) Product capacity is calculated based on standard industry figures. (★) Reference plan view for clarification on caster/unit height. If dimensions and capacity are critical, please contact Everest Refrigeration. Blizzard R290 replacement is at the sole discretion of Everest Refrigeration. Specifications subject to change without notice.
