## Gabinet Construction

Heavy duty stainless steel interior and exterior, galvanized steel finished bottom and back wall of exterior. High quality 16 gauge stainless steel worktop, top lid and hood. $2.5^{\prime \prime}$ thick high density foamed-in-place polyurethane insulation. Four 4" diameter casters (front casters with brakes). Door heater installation around inside cabinet frame to prevent moisture build-up.

## Refrigeration System

- Side mounted condensing unit for extra interior space compared to back mounted units
- Oversized condenser and evaporator coil cools to set and maintain temperature in minimum time period
- Forced-air cooling with oversized evaporator fan motors providing balanced airflow throughout cabinet to ensure faster temperature drop
- Removable side panel and slide-out condensing unit for convenient repair and maintenance
—Removable condenser coil air filter for easy cleaning
—Environmentally friendly CFC free R-134A refrigerant
- Air defrost, temperature initiated and terminated
- Copper tube and aluminum fin evaporator with anti-corrosive coating
- Energy efficient condensate drain pan assembly heated by high side copper tube
- Pressure relief port located at housing interior for rapid re-entry
—Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P

## Doors

- Heavy duty stainless steel interior and exterior
- 2.5" thick high density foamed-in-place polyurethane insulation
- Rounded corners for a sleek and modern appearance
- Heavy duty adjustable torsion spring self-closing door system
- One piece snap-in magnetic door gasket for easy replacement
- Heavy duty recessed door handles for a flat surface

## Lighting

—Safety shielded incandescent interior lighting

## Preparation Area

— 1/2" thick foam insulated lids to prevent moisture build-up and heat exchange
—Removable and adjustable sanitary $121 / 4^{\prime \prime}$ deep cutting board
-Sanitary PVC pans

## Shelving

- Two epoxy coated wire shelves per section
- Stainless steel pilasters and shelf clips

## Temperature Control

-Factory preset temperature, $35^{\circ} \mathrm{F}$

- Temperature setting range from $33^{\circ} \mathrm{F}$ to $41^{\circ} \mathrm{F}$
- Easy to set analog thermostat
