SIDE MOUNT UNDERCOUNTER DUAL TEMP SIDE MOUNTED CONDENSING UNIT

ETRF3

ET Series

Refrigeration System

Side mounted, self-contained condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP).

· Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.

• Time-initiated and temperature-terminated auto defrost heater for freezers. Air defrost for refrigerators.

· Large capacity, corrosion-resistant condenser and evaporator coils.

· Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.

 \cdot High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.

· Pressure relief devices allow rapid cabinet re-entry.

• Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Cabinet Construction

 \cdot Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.

- · Insulated interior wall between refrigerator and freezer compartments.
- \cdot 16 gauge, high quality stainless steel worktop.
- · Galvanized steel bottom and rear.
- \cdot 2.5" thick high density polyurethane insulation.
- Four 5" swivel casters with locks on front set.

Lighting

· Energy efficient silicone coated and shatter-proof LED lighting provides bright, high color illumination with low heat output.

Doors

- · Heavy duty stainless steel interior / exterior.
- · 2.5" thick high density polyurethane insulation.
- · Frame heaters prevent exterior moisture build up.
- \cdot Self-closing with adjustable torsion system for a positive seal.
- · Snap-in magnetic door gasket make cleaning and replacement an easy process.
- · High strength, recessed door handles.
- Pre-installed door locks keep your items safe from theft.

Shelving

· Two epoxy coated, steel wire shelves per section.

· Height adjustable stainless steel clips.

Temperature Control

· Multi-function digital controller with easy to read LED display.

 \cdot Factory preset temperature, 35°F for refrigerators and $-4^{\circ}F$ for freezers. Temperature setting range from 33°F to 54°F for refrigerators and $-10^{\circ}F$ to 54°F for freezers.

·R290 models include audible overheat protection alarm for compressor and condenser coil.

Options

- $\cdot 4''$ high stainless steel backsplash for worktop application.
- · Additional shelving.
- · 3" swivel casters with locks.
- \cdot 3.5" 6" height-adjustable and interchangeable legs.
- ·NSF Certified Stainless Steel Double Overshelf.
