LUXUS® THERMAL DISPENSER - HIGH VOLUME

Each application for a FETCO® High Volume System has unique requirements and logistic considerations. As coffee equipment professionals, our goal is to provide equipment that meets the requirements of each specific site. The capability to brew and transfer summarizes the versatility of the complete line of Brewing Systems. And of course as with all of the FETCO® brewing systems and accessories, ease of operation, ease of cleaning and ease of service are significant features of our systems.

Patents: 5,943,944 and 6,713,109,

The LUXUS® Thermal Dispenser is totally portable, and requires no electric power. Once filled and capped it goes anywhere...Ready to act as your remote dispensing station wherever needed.

You can prepare them ahead of time and place them where you want them. It is important to note that the LUXUS® Thermal Dispenser can be staff-operated or used as a self-service system.

Printed in USA 2006
