

TOMATO SQUEEZERS

MODEL 2121 / BIG 50 / BIG 80 / 8502N / SPRE 1000

These models enable the extraction of large quantities of tomato puree, separating it from seeds and skin. With their high power motors, the Big 50 and Big 80 are ideal for those who require performance. The hopper, collector, and base are stainless steel, the worm and body are cast iron with double hot tinning. The 2121 is the perfect model for any home or light production application. The 8502N and SPRE 1000 are available for those not requiring a motorized unit.

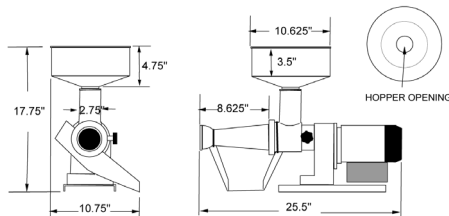

Model	Description	HP	Worm RPM	Electrical	Weight	Packaging Dimensions	Item #
