

## DOUGH MIXERS

### SP SERIES

The SP 10-60 models are spiral mixers with bowls made of stainless steel. They feature fixed stainless steel high strength spirals as well as a safety device which stops the machine when the bowl cover is lifted. These machines will greatly reduce the usual mixing time of traditional machines. Ideal for bakeries and pizza shops, these mixers performs well with both hard and soft dough. Made in Italy.

The SP80 and SP 100 models are heavy-duty spiral machines with fixed basins made of stainless steel and include a rear basin guard. These models are equipped with two kneading speeds, two timers to program the working cycle and contain two fixed wheels and adjustable feet for easy positioning. Larger capacity models are available upon request.

Item	Model	Horsepower	Bowl RPM	Spiral RPM	Bowl Capacity	Amps	Watts	Electrical	Weight	Dimensions (DWH)
13160	SP10	0.75 HP-1 speed	11	126	22 lbs.	2.5	550	220V/60/1	103 lbs.	20.5" x 11" x 23"
