FWE answers the need for high volume feeding using your existing wire speed baskets!

TM

FWE's Retherm Basket Transfer Dolly System allows you to prepare meals ahead of time, heat up meals close to serving time, and maintain heated meals for serving time.

Wire baskets allow for better airflow around your pre-packaged or preferred meal. Use the same rack for retherm and holding.

Expand the flexibility of your kitchen and maximize the use of your Retherm Oven with FWE's Holding Cabinet Companion.
