Dispense Fresh Brewed Iced Tea

NEW PRODUCT

Fresh Brewed!

Brews Directly Into Dispenser

Stainless Steel Urn Dispenser

Drip Tray Included

**Metal Octagonal Base**

Standard Features

- **Easy to Clean Dispenser** – The two piece design is half the height of conventional offerings! This permits easy cleaning in foodservice sinks and pan washing equipment, which typically can not accommodate conventional dispensers.

- **Seamless Stainless Steel Dispenser** – A Cecilware exclusive, facilitates easier cleaning & prevention of contamination.

- **Low Temperature Lockout System** – Will not brew until the water has reached the proper temperature.

- **Brew Timer Adjustment** – Controls the brewing time.

- **Dispenser Urn** – Up to five gallon capacity.

- **Delay Timer Adjustment.**

- **Brew-Through Cover.**
