# commercial products Hamilton Beach

### Flexibility...

Designed to extract pure citrus juices from oranges, lemons, limes, and grapefruits.

## Dependability...

The model 932 Manual Juice Extractor is considered the standard worldwide because of its dependable performance.

### Maximum Juice Extraction...

The extractor arm exerts up to 2,000 lbs. of pressure, ensuring maximum juice output, while minimizing skin oil and pulp residue.

### Strainer Cone and Funnel...

The strainer cone and funnel are easily removed for cleaning.

### Swing-Out Juice Collector Cup...

Designed for convenience, the juice collector cup swings out, allowing the operator to easily obtain the extracted juices.

### Acid-Resistant Finish...

The chrome and porcelain components, as well as the enamel finish resist citrus acids.

# **Unique Features:**

### Rack and Pinion Gearing...

2,000 lbs. of pressure makes juice extraction effortless.

#### Sure Grip Feet...

Prevents skidding--won't mark countertops.

# Specifications:
