

# HEATED BLACK GLASS SHELF

Models HBG-2418, -3018, -3618, -4818, -6018, -7218

HBGB-2418, -3018, -3618, -4818, -6018, -7218

The Hatco Heated Black Glass Shelf has a heated ceramic glass surface to create uniform heat across the entire surface, and is made of approved foodsafe material. Adjustable thermostat controls allow surface temperature to range from 100° to 200°F (38°-93°C).

Recommended for use in metallic counters. For other surfaces, verify that the material is suitable for temperature up to 200°F (93°C). Hatco is not responsible for counter damage caused by heat from the warmer.

## FLEXIBILITY

Ideal for use on pass-through areas, buffet lines, and as hors d'oeuvre displays. These unique foodwarmers are available in portable and built-in models. Surface color is black and they feature a thermostatically-controlled heated ceramic glass surface to help hold your food hot and delicious. Shelves are made of approved foodsafe materials, allowing you to place food product directly on the glass surface.

Built-in models have an optional flush mount control box with a 3' (914 mm) conduit. All units come with a 6' (1829 mm) cord, plug and a flush mount electronic control box with a 6' (1829 mm) conduit.

## QUALITY

The following features assure the finest performance for years to come:

- Available in portable and built-in models.
- Hatco Heated Black Glass Shelves are made of approved foodsafe materials allowing you to place food product directly on the glass surface.
- Every Heated Black Glass Shelf features a thermostatically-controlled heated base to help hold food hot and delicious.
- Lighted On/Off rocker switch.
- The built-in and portable units are equipped with an attractive trim mounting ring that is available in stainless steel (standard) or *Designer* Black powdercoated.
- Portable units are available with *Designer* Black powdercoated and plastic handles.
- Optional angled food stop for portable models keeps product on the heat zone.
