HLX
SCALE SYSTEM

HOBART

STANDARD FEATURES

Operator Mode

■ Large color touch screen display (10.4")

■ Search database by description or PLU number

■ Flashkeys can be laid out by categories or classes

■ Go-to-keys allows user to jump immediately to a location instead of going through a menu tree

■ Product and shelf life by day and/or hour

■ Programmable display of operator viewable fields

■ Operator notes and product notes

■ Onscreen help questions and answers

■ Pop-up alphanumeric keyboard/numeric keypad

Supervisor Mode

■ Onscreen help questions and answers

■ USB ports can support external keyboard and/or mouse

■ Graphics use a name instead of a number

■ Visual display of database records

■ System can estimate the number of additional records that may be added to the scale

■ COOL records can be created on the scale

■ User definable default values for item records

■ Ability to renumber PLU records

■ Database can be backed up to USB drive

■ Database can be named to store more than one database to USB drive

MERCHANDISING

- High resolution printhead for detailed graphics and smaller bar codes – 203 dpi vs. 144 dpi (8 dots per mm vs. 6 dots per mm)

- Product life and shelf life can be managed by days and/or by hours

- Four programmable graphics per PLU

- Up to 3 levels of frequent shopper price/discount fields

- Operator and Product notes

- Expanded text and special message fields have longer length, limited only by label size

- Uses standard file formats: PNG for label graphics, JPEG and GIF for screen graphics, and TTF font formats

- EAN13 Bar Code capability for packages over $99.99 total price

- Same label stock as Quantum scales

COMMUNICATIONS

- Functions as a web browser: simply plug into your wired or wireless connection to access the internet or your own custom web site

- 10/100 wired Ethernet support

- 802.11 wireless (RF card not included)

- System firmware can be upgraded via a USB drive or over a local or wide area network via FTP server

- Remote access via an IP address over a local or wide-area network using Internet Explorer

- Compatible with current Ultima and Quantum Scale Management Programs using an Ethernet connection

HARDWARE

- PC based architecture

- AMD LX800 processor

- Standard laptop RAM, 256 MB of memory

- Standard 2 GB CompactFlash for application and database (no need for battery backup)

- PC card bus slot for wireless card (optional)

- 1 PCI internal slot for future expansion

- USB 2.0 internal port for peripherals and future expansion

- Two external USB 2.0 ports to support external keyboard/mouse for easy data entry

SOFTWARE

- Microsoft® Windows® XP Embedded Operating System
  Components: Internet Explorer
  Outlook Express
  Calculator
  Notepad
  Windows Explorer
  Time Synchronization
  Windows Media Player

- Java™ virtual machine (JVM)

- General Software, Inc. - Bios

- Foxit™ Reader

- On-screen keyboard

SERVICEABILITY

- Every operator/supervisor screen is a web page that can be accessed remotely via Internet Explorer

- Diagnostic information can be retrieved; scale configuration and PLU database can be verified or modified

- Monitor real-time use of the scale

- System firmware can be upgraded via USB drive or network server

- See statistics on the system (real time updates of mem free on compact flash, RAM, RamDisk, EVM)

- Automatically send ALERT emails based on configured rules, i.e., out of labels, cassette disengaged, etc.

- Onscreen help questions and answers

- Easy access to all major components

- New take-up hub with non-removable key

- Change wireless card without removing scale housing

- Non-volatile database

- Service log, track changes by entering changes into log

SPECIFICATIONS

Platter:
14" wide x 15" deep

Weigher Capacity:
0 lbs. - 12 lbs. x 0.005
12 lbs. - 30 lbs. x 0.01

Pricing Capacity:
Up to 999.99 in steps of .01

Electrical:
120 volts, 60 Hz, single phase, 1.5 amps, 150 watts. 9 foot standard cord cap with ground type plug furnished.

LABELS AND PRINTING OPTIONS

■ LABELS

Cassette label loading system provides fast and efficient change of label stock or easy label size change for merchandising flexibility.

■ PRINTING

The HLX thermal printhead requires no ink or ribbon.

Preprinted labels may be printed with a customer logo and/or other information.

When using blank labels, the HLX can be set up to print all of the necessary information including store logo.

Print fields available:

❏ Store Name & Address – 2 lines

❏ Bar Code – Portrait Top or Bottom

❏ PLU Description – Up to 4 lines

❏ FDA Nutri-Data Template

❏ Expanded Text – Limited only by label size

❏ Net Weight – (1/4' Format) in Ounces, Pounds or Kilograms

❏ Current Time – Shelf Life labels

❏ Tare

❏ Operator ID – Custom labels only

❏ Operator Name – Custom labels only

❏ Special Message

❏ Four Merchandising Graphics

❏ Sell-by

❏ Packed-on

❏ Product Life

❏ Freeze-by

❏ Weight/Count

❏ Unit Price

❏ Total Price

❏ Store ID

❏ Customer Store Graphic Logo

■ NETWORKING

❏ Interfaces with scale management software such as:

Invatron's PLUM

ADC's Interscale

Genesis Software
