

Item# _____

Job _____

SIDE-LOAD PLASTIC DISH AND TRAY CARTS

- **Versatile:** Accommodates a variety of different sized dishes and trays. Single-side model allows storage and handling of double-dish columns.
- **High Capacity:** Holds up to 60 dishes in each column, and/or approximately 80 trays per column.
- **Flexible:** Divider system easily adjusts to keep dish columns separated and eliminates dish chipping and crazing. Low overall height allows under-counter storage or usage.
- **Easy to Clean:** Corrosion-free plastic provides smooth, crevice-free surfaces and rounded corners which are easily cleaned.
- **Sanitary:** Dish/tray columns located 12" (305mm) above the floor, and a vinyl cover which is included with each cart, protects contents from floor dust and water splashes.
- **Durable:** Strong, foam-filled resilient material eliminates cart chipping or peeling and will not mark dishes. Integral molded bumpers protect walls and cart.
- **Mobile:** Four B5DN heavy-duty swivel casters (two with brakes) allow easy rolling and heavy load-carrying capacity.

Side-Load Plastic Dish and Tray Carts SSD/DSD Series
