# **BMOA SERIES**

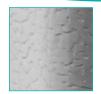

Bottom Mounted Medium Temp Open Display Merchandisers

#### **MODELS**

- □ BMOA-36
- □ BMOA-48
- □ BMOA-74

# FEATURES

### STANDARD TEXTURED FINISH

Black also available

- 2" foamed-in-place "zero ODP" urethane insulation
- Standard LED lighting
- Shelves adjustable in 1" increments
- Three lighted tiers of two-position shelving with price tag molding
- Perforated interior back wall for better air flow
- Off-cycle defrost
- Easily accessible electrical enclosure
- Steel floor pans removable for easy service access

#### WARRANTY

 Standard limited three year extended compressor and two year limited parts and labor

# **CONSTRUCTION**

- Standard electronic controller with these features:
- Ability to monitor defrost functions from the front panel interface
- Audible and visual alarm
- Eliminates room thermostat, defrost termination/fan delay control, defrost timer and digital thermometer or other temperature indicator
- 24 gauge galvanized painted textured steel exterior and interior

#### REFRIGERATION

- Refrigerant: R-404A
- Front air intake and rear air discharge
- Self-contained, bottom mount refrigeration system
- Temp. range: 34° to 41°F (1° to 5°C)
- R-factor (insulation efficiency rating): 17.24
- Drain plumbing hookup recommended. Condensate pan available if there is no access to drain plumbing. Condensate pan must be field installed and requires a dedicated 20 amp, 120 volt circuit.

# **OPTIONS**

- ☐ Add suffix "R" for remote system
- ☐ Custom exterior colors
- □ Condensate evaporator drain pan NOTE: Must be field installed and requires a dedicated 20A, 120v circuit.
- □ Casters
- ☐ Extra lighted shelves (one only)
- ☐ Extra non-lighted shelves

# LISTINGS

# **HOOKUP**

Electrical: Via plug in, 9 foot long flexible four wire 208-230v 14/4 cord with neutral and ground wires and molded plug.

Plumbing: Requires connection to customer's drain

# RECOMMENDED OPERATING CONDITIONS

- · Merchandisers designed to hold product in the 34° to 41°F (1° to 5°C) range
- Designed to operate in air-conditioned stores where the maximum temperature is 75°F and the maximum relative humidity
- · Should not be installed in direct sunlight
- Should not be installed near HVAC vents, fans or doorways that will disrupt airflow and compromise the function of the air screen inside the case
- · Bottom shelf should not be loaded such that the front air intake is obstructed
- Floor drain should be properly trapped
- Factory installed controls should not be altered, removed or replaced without consent of the factory
- Product must not be displayed in the cold air curtain

### **BID SPECIFICATIONS**

Item no. BMOA-Provide\_ ) Bottom Mount Open \_\_\_( Display Merchandiser(s), Master-Bilt model no. BMOA-

Merchandiser will have interior and exterior textured finish and will feature an electronically controlled monitoring system.

Other features include LED lighting, adjustable two-position shelves, independent shelf lighting and a perforated interior back wall.

The refrigeration system will be selfcontained, have a front condenser air intake and rear air discharge and use R-404A refrigerant. The temperature range will be 34° to 41°F (1° to 5°C).

Merchandiser to have standard limited three year extended compressor warranty and two year limited parts and labor warranty.

Merchandiser to be UL and C-UL listed and UL EPH classified.
