

NEW

*The only and Original manufacturer of the
Howe 200 Series® for over seventy years.*

Maywood Furniture re-introduces...

The Maywood **ORIGINAL LIGHTWEIGHT** Series

"With a self-supporting chassis"

Government tested to 3000 pounds

*This is a great table for hotels, conference centers, and
convention centers. The price is **10% - 50%** better than
the plastic tables and you have a much stronger understructure*

SPECIFICATIONS:

Laminate: 3/8" Lite-ply® core
with .050 thick high-pressure laminate
top.

Formica® laminates available:

- #385 Regency Walnut
- #927 Folkstone
- #346 Natural Oak
- #909 Black
- #949 White
- #7583-58 Victorian Mahogany
- #507 Folkstone Graftix
- #117-58 Colonial Cherry
- #754-90 Black Faux Marble (polished)

Edges: Channel Aluminum Edge
(CAE)-heavy-duty edge securely
crimped into top; available on all fin-
ishes.

Chassis: Legs are 1-1/2" square, 20
gauge steel tubing. Self-supporting
unit welded and riveted throughout
and consists of two 1-3/4"x1"x1/8"
re-rolled steel angles and two additional
steel cross rails. Stretcher piece
welded between the legs near the top
to provide maximum strength and ri-
gidity. Locks and unlocks with a sim-
ple, secure tab welded to the
stretcher. All parts powder coated
black.
