

Only from NEMCO!

Easy Mounting Board

Maximize your counterspace with Nemco's manual food prep cutting board!

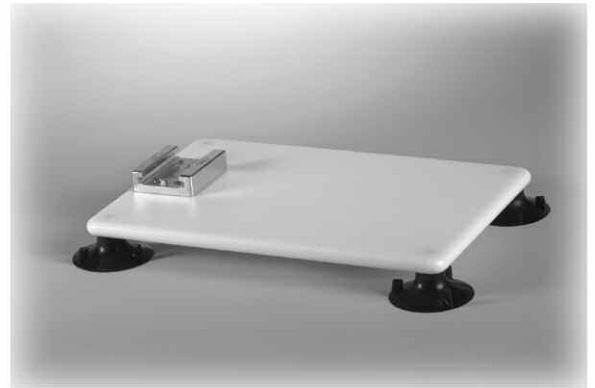

Nemco's versatile suction-cup cutting board fits the Nemco Easy Slicer, making it very user friendly and easy to keep clean.

Moves only when you want it to.

Heavy-duty suction-cup feet provide a super-stable grip on any smooth surface. But just a simple, effort-free tug on each cup's pull tab and the board pops right up for easy removal.

Meets best practices in food safety.

The board's tough polyethylene material is treated with Microban® protection, inhibiting the growth of microbes, such as bacteria and mold. Plus, the board goes right in the sink or dishwasher for easy cleanup.

Can be used with the following Nemco manual food prep equipment:

- Easy Slicer™ Vegetable slicer
- Spiral Fry™ Potato Cutter
- Easy Dicer Two-Way Vegetable Cutter
