50125 – Trash can dolly

APPLICATION:

This 18-3/4"x18-3/4" dolly is designed to make round and square "Brute" or "Huskee" containers mobile. This unit provides more stability with the casters mounted on the outside perimeter. This simple design change makes the caster "footprint" larger than our plastic competitors without enlarging the overall unit.

MATERIAL:

Constructed of heavy duty, fully welded aluminum. This dolly includes 4 heavy duty tabs to secure containers.

CASTERS:

This dolly comes equipped with Five each 3"x1" stem swivel casters (C405). These casters offer a 125 lb weight capacity each.

GUARANTEE:

This table carries a **Lifetime Guarantee** against rust and corrosion and also carries a **Five-Year Guarantee** against workmanship and material defects.
