# NOVA™ HEATED PASS-THRU CABINETS

PROJECT:

ITEM NUMBER:

MODEL NUMBER:

HEATED PASS-THRU CABINETS

## SPECIFICATIONS FOR: PW252 & PW554

- **Exterior finish:** Exterior front, sides, back and doors are stainless steel. The exterior top and bottom are galvanized steel. All exterior joints and seams fold in without lap joints. No exposed raw edges.
- **Interior finish:** Interior liner and interior door panels are stainless steel.
- **Insulation:** The complete cabinet and door(s) are foamed-in-place with polyurethane insulation.
- **Hardware:** Heavy duty, pivot hinges; centered key locks; full length, stainless steel pull handles; self adjusting magnetic gaskets; 4" dia. casters; and nickel chrome shelves.
- **Electrical:** All models are standard with an interior incandescent light activated by a door switch.
- **Instrumentation:** Digital LED thermometer reading degrees F.
- **Heating system:** Electrically operated 1500 watt heating system for 2 door model and a 3000 watt heating system for the 4 door model, is controlled by a thermostat mounted in front of the cabinet. Heating element is located in the interior ducting. Forced air distribution maintains desired uniform temperature throughout the cabinet. Operating temperature is adjustable from 180° F to a maximum of 200° F.
- **Approvals:** UL listed  
C-UL listed\*\*  
UL Sanitation listed\*\*
