The EPA marking can be found on the container label. Rinse Aid: A low-foaming warewashing rinse aid containing water conditioners. Note: <i>To ensure maximum glasswasher performance. It is important to select the appropriate detergent and rinse aid for specific water conditions. These chemicals can be purchased from a local chemical supplier or food service distributor.</i>	
SUMMARY SPECIFICATIONS	The PKD24A glasswasher is designed to produce sparkling clean glassware utilizing our unique Hot Water Assurance System. The PKD24A is easy to use, fast and efficient, while conserving water, energy and chemicals. Built-in sustainer heater provides continuous 130°F hot water every cycle. The PKD24A is constructed entirely of stainless steel and is equipped with an integrated chemical delivery system. The PKD24A incorporates a pump purging system that improves results by eliminating soil and chemical carryover during rinse cycle.	
AVAILABLE OPTIONS	Alternative electrical available for export.
