EventXpress™ C650 Folding Chair

SPECIFICATION

Specification Components

- Dining height, multi-purpose folding chair for educational, hospitality, public assembly and event seating
- Chair features tubular steel frame with molded polypropylene seat and “Fan-shaped comfort-back”
- Each chair weighs 8 pounds

Frame

- Tubular steel frame is constructed of 18 gauge, 3/4” inch diameter cold-rolled steel tubing
 - Specified steel hardness is 85 for increased strength
- 6.2mm steel rivets attach seat and bracing pieces to frame
- 5.2mm diameter x 12.5mm zinc-plated, phillips-head screws securely attach chair seat to frame
- 4.0mm diameter x 16.0mm zinc-plated, phillips-head screws securely attach chair back to frame
- Chair Tips
 - Features a soft rubber external “crutch tip” that fits snugly to chair frame to prevent scratching of floors
 - Soft rubber tips tend to resist cracking and splitting better than hard plastic tips
- Frame Dimensions
 - 42 1/2” tall and 17 5/8” wide
 - Chairs stack 50 high for compact storage without leaning or tipping

Seat

- Chair seat and back parts are made from durable injection molded polypropylene plastic
 - Specified polypropylene resin is 100% virgin
- Contoured Back
 - Formed plastic chair back is designed for maximum support and comfort
 - The chair back is attached with phillips head screws for convenient replacement.

- Molded plastic seat has 3 “weep holes” to drain away rain or moisture
 - Attached to 18 gauge, formed tubular steel frame attached with steel rivets
- Seat Dimensions
 - 15 3/4” wide x 15 3/4” deep
 - 17 1/2” seat height (dining height)

Load Testing

- In independent lab testing, chairs passed a 275 lbs. dynamic drop simulation, with 275 lbs. load released from 6” above the seat.
- Independent lab testing of “static load bearing to failure” yielded a range of 1,925 lbs. to 2,245 lbs.

Metal Finish

- Complete steel chair frames are dipped into a phosphate wash solution to clean all metal surfaces – interior and exterior – prior to powdercoating
- Frames are finished with a baked on epoxy powder-coat paint
 - The result is a high quality decorative finish
 - Offers superior resistance to abrasion, marring & scratching

Warranty

PS Furniture™ warrants that its EventXpress™ folding chairs shall be free from defects in original materials and workmanship for a period of three years from the original shipment date. Warranty on sales for rental use is limited to one year. This warranty shall not apply to normal wear and tear or in the event products are damaged as a result of misuse, abuse, vandalism, neglect, accident, improper application and modification or repair by persons not authorized by PS Furniture. The company will, at its discretion, repair or replace any defects. Any repair or replacement must be approved in advance by the factory before any action is taken. There are no implied warranties of fitness or merchantability, and there are no other express warranties beyond the warranties expressed here.
