Description:

Randell's RANFG HTD Series Electric Heated Well Units designed for virtually any hot food serving application, the RANFG HTD series is enclosed in a brilliant one-piece fiberglass body and 14 gauge stainless steel top.

Specifications:

CABINET CONSTRUCTION: One-piece molded fiberglass body for smooth exterior finish. All corners and areas where accessories are mounted are reinforced internally with metal backers.

TOP CONSTRUCTION: Exterior top is standard in reinforced 16 gauge 300 series stainless steel with #4 finish. Optional 14 gauge tops available at a minimal upgrade.

HOT WELL CONSTRUCTION: The hot wells are constructed of die stamped and annealed stainless steel and are provided with individual drains manifolded to a common gate valve. The gate valve is accessed through an enclosed housing with louvered access door. Two types of fittings are provided to offer flexibility in type of drain hose the operator wishes to attach (hose not included). Only available in single phase.

Standard Features:

- Easy access to drain and controls
- Easy access to service electrical components
- Concealed locking mechanism with easy to use spring-activated catch

Additional Available Configurations:

- 14GFG HTD "S" Series
Same basic construction of standard enclosed base series with an optional open shelf storage compartment. Available in the 3, 4, 5 & 6 well models to offer most efficient space capacity.
- 14GFG HTD "B" Series (see HTD-B specification)
Same basic construction of standard enclosed base series with an optional heated storage compartment. Available in the 3, 4, 5 & 6 well models.

model RANFG HTD-4S shown with optional kick plate

Available Fiberglass Colors:

- Pitch Black
- Dark-Bark Brown
- Cabernet Wine
- British Racing Green
- Tin Man Gray
- True Blue
- Light Sky Blue
- Candy Apple Red
- Tiger Lilly Orange
- Canary Yellow
- White

Options & Accessories:

- Canopy
- Overshelves
- Trayslides
- Corian top
- Granite top
- Kick Plate
- Graphics
- Sneeze Guards
- Elementary School Height
- Electrical Distribution System
