

CW Countertop Cooker/Warmer

CW-100

Add side dishes and entrees to existing lines or create new temporary buffet lines quickly and easily with the Countertop Cooker/Warmer. Enjoy greater menu flexibility and the ability to respond efficiently to changing menu requirements.

The Countertop Cooker/Warmer features an adjustable thermostat to hold a variety of foods within the safety temperature guidelines. The unique design of the heating system provides even heat distribution in order to eliminate unappetizing hot spots.

Features

- A convenient drain system allows for safe and easy cleaning at the end of the day.
- Heavy duty stainless steel construction.
- Adjustable thermostat with range of 120–212°F (49–100°C).
- Tubular heating element attached to aluminum plate to distribute heat evenly.
- Holds full-size inset pan or, with adaptor, several smaller inset pans.
- Temperature indicator settings: High, Medium, Low.
- UL, cUL, and NSF listing.
