

Wash Works Cover Plate

for Milano AutoFaucet®
and Low Profile OneShot®

technical concepts

Innovative Hygiene Solutions

Wash Works cover plate allows the installation of a TC AutoFaucet® and AutoSoap® System without drilling any new holes! The faucet and soap dispenser are installed through existing hot and cold water supply holes. Shown above are the OneShot® Low Profile AutoSoap® System and the Milano AutoFaucet® (sold separately) in combination with an 8" Wash Works cover plate (#490377). The combination of these great products reduce the risks of cross contamination while enhancing the image of any facility.

Wash Works Cover Plate

for Milano AutoFaucet®
and Low Profile OneShot®

Wash Works Cover Plate Benefits

- Easily adapts to existing fixtures without drilling an extra hole

AutoFaucet® and OneShot® Benefits

- Touch Free Systems reduce cross-contamination which promotes Health and Wellness
- Controlled water and soap usage reduces total cost in use and waste
- Engineered to prevent dripping and clogging
- Dry cam-gear technology improves reliability and labor productivity compared to solenoids that frequently fail due to corrosion

AutoFaucet® and OneShot® Features

- Both systems feature Dry Cam-Gear Technology
- Polished Chrome Finish
- Adapts to 4" and 8" center sets
- 2 Year Battery Life or AC Power supply
- ADA Compliant
