

ECC Series Remote Condensing Unit

Air Cooled Remote Condensing Unit

Preliminary

Features

Energy efficient components save money on utility costs.

Better corrosion resistance increases life of unit.

One piece design makes installation and service easier.

Maximizes ice production by dissipating heat away from ice machine.

Minimizes air conditioning load.

Allows for quiet operation in dining and working environments.

Able to operate in wide outdoor temperature range from -20 ° F to 120 ° F.

ECC Series Condensing Unit -
Dedicated condensing unit for Prodigy Eclipse®

Modular Ice Head Options

Modular Ice Head Options	Condenser Unit	24 hr production (lb/kg) 90 ° Air/70 ° Water	24 hr production (lb/kg) 70 ° Air/50 ° Water

Line Sets

Choice of insulated refrigerant line sets. Available in 20 ft., 35 ft., 50 ft. and 75 ft. lines. Refrigerant and brazing required. Please consult ice machine users manual for installation guidelines.

Warranty

• 3 years parts and labor on all components.

Warranty valid in North, South & Central America.
Contact factory for warranty in other regions.

Note: These units are designed to be controlled by the ice machines they are connected to.

Accessories

- 3BRE20-EH - 25- ft. insulated line set. Refrigerant and brazing required
- 3BRE35-EH - 35 ft. insulated line set. Refrigerant and brazing required
- 3BRE50-EH - 50 ft. insulated line set. Refrigerant and brazing required
- 3BRE75-EH - 75 ft. insulated line set. Refrigerant and brazing required
- KSLOT75 - Suction line trap for locating ice maker more than 20 ft. below condenser unit
