## STANDS OUT FROM THE CROWD

The GOOD DESIGN awarded Magisso Serving Set consists of three sculptural tableware objects; Pie Server, Cheese Knife and Cheese Slicer. The design continues the unique and recognizable form of the Magisso Cake Server from the young Finnish designer Maria Kivijärvi.

All the Magisso Serving Set items can be set sideways on the table so the blade doesn't tarnish your tablecloth. For cheese aficionados and wine lovers. For festivities and everyday life. Each product is made of premium, mirrored stainless steel and is suitable for your favorite pies and cheeses.
