

Meal Delivery Carts

Tall Profile, Single Door, 16 Tray Capacity

Models MDC1520T16
MDC1418T16

Features & Benefits

- Durable carts designed to specifically meet the meal delivery needs of hospitals (acute care), long term care and correctional facilities.
- Designed to work with unitized pellet system, heat on demand base system or insulated trays.
- Single stack rail system handles 2 trays per rail, 8 trays per compartment with a 5/4" (13,5 cm) clearance between rails.
- Serving capacity per cart:
MDC1418T16 - 16 each 14" x 18" (36 x 46 cm) trays
MDC1520T16 - 16 each 15" x 20" (38 x 52 cm) trays
- Rear mounted nylon roller menu clip keeps service instructions highly visible and easy to access.
- Durable, one-piece, molded polyurethane construction ensures long term durability and reliability. Molded bottom bumpers protect walls and furniture.
- Thick foamed-in place polyethylene insulation provides added structural strength and reduces noise while transporting.
- Molded-in marine rail top offers an ergonomic work surface and keeps trays secure during service preparation.
- Pressure molded ABS doors are lightweight, durable and open a full 270°. Can be securely locked into the bottom catch rail for easy access during serving.
- Large stainless steel paddle latch is easy to open, rust free and can be removed and cleaned without the use of tools.
- Self-draining shelf and bottom in compartments facilitates easy cleaning.
- Molded-in rear handles make it easy to transport and maneuver.
- Four each 6" (12,7 cm) casters, 2 swivel with brake and 2 fixed, enhance cart maneuverability and increase safety.
- Non electrical.
- No assembly required.
- Available in 5 color combinations.
