

## ENCLOSED TRAY DISPENSERS

### Item Numbers

- DXIDT1E1418
- DXIDT1E1520
- DXIDT1E1622

### Application

*This self-leveling cantilever style tray dispensers can be found in tray lines, or any place your needs require.*

### Construction

*The enclosed tray dispensers are made of all-welded stainless steel construction and accept trays on a stainless steel spring-loaded, self-leveling carriage. The carriage features banks of tension springs on two sides. Spring tension for carriage are field adjustable without tools by hooking or unhooking springs to or from the carriage, providing proper dispensing level.*

*The carriage also features sets of nylon roller guides on all four corners to provide smooth leveling movement inside the unit frame. Side panels are made of 20-gauge stainless steel. Top flange is constructed out of 14-gauge stainless steel and has a perimeter bumper. Units have on four 5" extra-load casters (two with brakes).*

### Warranty

*One year parts and labor.*

### Returns

*We do not accept returns on any Dinex equipment or Dinex custom products. Please contact your local Dinex rep to ensure order accuracy prior to ordering.*
