

MII-302 & MII-402 Countertop Ice/Beverage Dispenser

MII-302 Ice dispenser with optional water valves

Standard Features

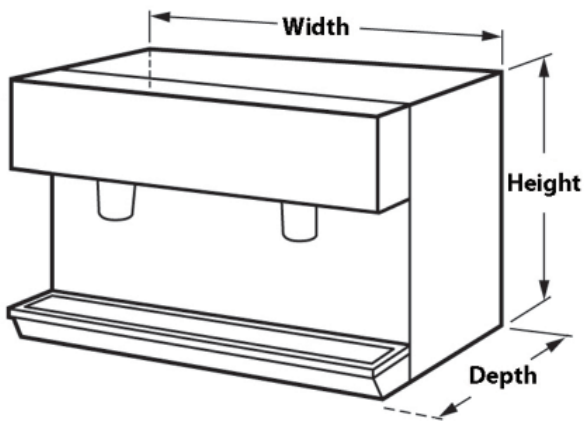

- Patented, quick on/off advanced Rocking Chute ice dispense reduces ice spillage.
- MII-302 has 300 lbs. (136 kgs.) ice storage and on-demand dispense.
- Patented paddlewheel ice dispenser maximizes counter space and allows more ice to be dispensed from the bin.
- Available with extended splash panel for use on counter systems with integrated drain.
- Available with lighted ice graphics medallion or stainless steel insert.
- Manitowoc IB Series ice maker and Multiplex Model 44/50 chiller compatibility provide a complete package offering.
- Available with (2) water dispensers or as ice dispense only.
